PRESIDENT'S MESSAGE

Fellow Ag Grads.

This is the time of the year to start thinking of Ag. Grad. Reunion Weekend and Farm and Home Week activities. Make your plans now to participate in any or all of the many activities. The Reunion Weekend activities include curling, Saturday evening Smoker and Smokette, the Sunday afternoon Tea, the Monday business meeting and afternoon lecture and the Monday evening Banquet and Dance. The best of the holiday season to each and all!
See you in 1974.

A special news item from Dairymans Topics, October 1973.

A milking contest among five well-known Canora personalities will be one of the program Highlights Friday as part of the Bonus Days promotion at Canora.

The competitors will include Ron (Rubber Gloves) Cowley, Alex (Sure Grip) Billy, Orest (Pump Handle) Mysak (48), Reg (Cottage Cheese) Stone and Harry (Hole-in-Pail) Katchur. The contest has been scheduled for 5 p.m.

A random sampling of opinion among Canora's betting crowd shows that the money is riding on Orest (Pump Handle) Mysak, the district 19 agricultural representative. Mr. Mysak's unique method of pumping a cow's tail up and down and thus activating the process which causes milk to flow has won him wide acclaim throughout the district.

The betting crowd has picked Reg (Cottage Cheese) Stone, manager of the Canora branch of Dairy Producers' Co-operative Limited, a close second. Mr. Stone, who employs an old country style where one grasps the unmentionables and let's the cow jump up and down, is expected to solve the problem of curdling milk (hence the name) before Friday's competition.

Editor's Note — Apparently Orest won the contest but was disqualified because he used both hands at once — Guess we should have an investigation.

Jerry Coles, Strasbourg, had a visit with your editor the other day. Jerry was on his way to Nevada and Arizona to spend some of his hard earned money — hope you banked some of it before you left Saskatchewan, Jerry.

Dan Beveride (61) is now with the Extension Department, University of Saskatchewan, Regina Campus. Dan is working in adult education programs. Congratulations Dan on being appointed to the Board of OXFAM-Canada.

Where the action is, you'd find Agros, Senator Hazen Argue (44) leads the Senate debate to amend the capital punishment bill and abolish the death penalty.

Jack Gilliland (59) has now been appointed Sales Manager for John Deere for their new operations in Regina. Congratulations on your recent appointment, Jack.

The best go on for ever. Ernie Paynter (23) Regina, keeps feeding the Canada Geese at the Wascana Centre. Ernie keeps real busy and stays healthy.

Lorne Hehn (58) of Markinch was elected to the Board of the United Grain Growers Ltd., also on the board is Don Trapp of Harris.

George Richardson, Semans, paid the high price of \$875.00 for an R.O.P. tested boar at the fall Swine Test Station Sale in Saskatoon. From all reports this is a record price, good going George. No wonder pork chops are worth a few bucks per pound.

Doug Wilde (47) Regina, Director, Management Development Sask. Power was in for a visit the other day. Doug tells us we are in for an energy shortage and just watch the price of gas go up — good publicity for "Participation".

Sask. Agros keep on the move. Russel Horvey (73) assistant agriculturist at Calgary has now been appointed District Agriculturist at Three Hills, Alberta.

Ross Reynolds (53) of Lanigan took part in a panel on Feed Grains at the Saskatchewan Stock Growers Annual Meeting in Regina in November.

AG. GRAD CABARET

January 14, 1974 is the date. The Centennial Auditorium (Centennial Hall) is the place. The time is 6:30 p.m. The event is the annual Ag. Grad. banquet and dance (cabaret) — and most important, fun and fellowship are guaranteed!

This year's cabaret will follow a similar design as the last two years. The evening begins with cocktails from 6:30-7:30, followed by dinner, introduction of guests, and presentation of Honorary Life Memberships. Dancing will go on from 9:00 p.m. to 1:00 a.m. and we've done our best to secure a versatile group so that everyone's musical tastes can be met. We'll have an intermission about 10:15 to recognize the reunion and honour years. This year we have booked the West Room which is just behind the Centennial Hall for those groups that would prefer a little more privacy but still be close by for dancing.

This year we lost the battle to inflation and ticket prices will have to be raised — probably to \$6.00 per person (\$5.50 last year).

Be sure to attend! Organize your group, plan your party and we'll make sure you get tickets.

YOUR ADDRESS LABEL

Do you read it? Take a minute and look at it. Is it correct? If not, a free address correction card is available from any post office. A P72 in the lower right of the label tells you that your fees were paid to 1972. It also means you are in arrears and that this is your last Newsletter until fees (\$2.00 annual) are paid. Curlers pay a membership fee with the curling fees but if you have P72 and don't curl in 1974 you will not get any more Newsletters until an annual or life membership is taken out. We hope you retain your membership and keep us informed of address corrections.

JACKETS FOR SALE

Have you worn out your Voc. Ag. or Agro jacket yet? These good looking, hard wearing, economical jackets are difficult to find on the market.

If you would like to obtain a new jacket, you will have the opportunity at the Smoker, Jan. 12, 1974. Both the SUAA and the ASA will be setting up a table to sell jackets. They will have jackets available so you can get your correct size. Some jackets will be available for sale that evening, or orders will be taken and your jacket mailed to you later.

The complete price including; crests and year of graduation (if desired), mailing and ordering costs will be \$20.00 for a Voc. Ag. jacket and \$21.00 for an Agro jacket. These are being offered to you close to cost.

See you at the smoker.

CURLING

The 30th annual S.A.G.A. Bonspiel will be held on January 11, 12 and 13, 1974. The four regular events: Kirk, Skelly, Graham and Rutherford will be limited to 64 entries and the senior Hutcheon event will be limited to 12 entries.

The regular events have a two game qualifying round and because of an ice shortage on Saturday we will require 40 teams which can curl Friday evening, January 11, with draws at 7:00 and 9:00. Scoring will be similar to former years — one point per end scored, one half point for blank ends and 5 points for a win. Teams will then be allocated to events on the basis of their total score. All games will be of 8 end duration, except for the semi-finals and finals in each event which will be 10 ends.

Play in the Hutcheon Event, which is open to all grads 48 years and over, will commence at 12:00 noon on Saturday the 12th at the Exhibition Curling Rink.

Curling will take place in the following rinks: University, Exhibition, Nutana and Granite. The Exhibition Curling Rink will be the location of Bonspiel Headquarters and Bar. All semi-finals and finals will be held at the Exhibition Curling Rink on January 13.
Eligibility

A rink must consist of three Association members, the fourth may be a non-member but as such must curl in the lead position. Fourth Year College and second year School students are eligible to enter a rink and may curl in any position. Rinks entered by students may not contain a non-member.

The fees per person for this year will be similar to last year — \$6.00 entry fee plus \$2.00 membership. We have arranged to have brooms supplied at all rinks for this bonspiel.

Submit all entries to the following address, or phone number no later than 12:00 noon, Tuesday, January 8th. Draws will appear on January 10 in the Saskatoon Star-Phoenix.
